HURRY!

Most of us are in a hurry these days; in fact, one of the most predominant characteristics of our modern mode of living is the ever-increasing speed which is so much in evidence in our business and personal life. What with speedier methods being employed and the rapidly changing conditions, it becomes more apparent that unless you keep your business service constantly in front of the public, your service will be forgotten and your business suffer.

To avoid being forgotten and to increase your business we would suggest that you advertise in the:—

- CAUTION -

Pay no money in advance to Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of Vernon Directories Limited printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take payment in advance for either advertising or subscriptions.

How to Use the Directory . .

The City Directory is really a co-operative catalogue of the inhabitants, business interests and institutions of a city. But the very mass of the information contained, until one learns how to use it, may appear to be an obstacle to those unfamiliar with its arrangement.

The Directory will enable you to find the answers to the following questions:
